## HOW TO READ YOUR PERSONAL HOROSCOPE REPORT

This horoscope is your personal cosmic fingerprint. No other person will have exactly the same combination of influences, unless they were born in the same second and exactly the same place as you were. With 10 planets, 12 signs of the zodiac and 12 houses there are approximately 1500 simple combinations in the horoscope, and when you add to that the different degrees and combinations between planets there are tens of thousands of influences which have to be weighed and juggled in any astrological interpretation. No computer programme can do this satisfactorily, but we do our best.

## THE DIFFERENT SECTIONS

Reports from World of Wisdom are designed to simplify the interpretation process for you. It indicates for example the relative strengths of different planetary influences so you can see what is most important. Furthermore this written report is divided up into sections on Identity, Emotions, Mentality, Love and Sexuality to eliminate apparent contradictions which arise in the character description. But the reader must bear in mind that contradictions will arise. People are complex and contain many contradictory traits. Diametrically opposed character descriptions will either reflect inner dilemmas or outer conflicts reflected in the behaviour of others.

## PROFESSIONAL and PERSONAL PROFILE

The World of Wisdom birth report can cover your personal character, your professional life or a combination of both, depending on your choice of report. The professional section addresses the questions: "What talents do I have?" and "How can I use this ability?" The personal section is concerned with relationships and hidden psychological causes, and addresses the question: "How can I improve myself in this area?"

## PAST, PRESENT & FUTURE

Our reports can also integrate trends of the next year or two into the birth analysis, going beyond a static description of personal character and introducing a dynamic sense of what is happening for you here and now. The dynamic trends show the unfoldment of the horoscope through time. By analysing the current trends, it is therefore possible for you to gain insight into events just past, events happening at the present moment and trends into the future.

## THE AUTHOR

This report is designed and written by Adrian Ross Duncan, former editor of the Astrological Association Journal, who has worked as a full time astrologer since 1985. Adrian is author of "Doing Time on Planet Earth" (Element Books 1990) and "Astrology: Transformation and Empowerment" (Red Wheel/Weiser 2002). His astrology software Horoscope Interpreter, Astrology for Lovers, and The Astrological Calendar are available from [www.worldofwisdom.co.uk](http://www.worldofwisdom.co.uk)

It is our hope that the written report will give those who do not have the time to bury themselves in the study of astrology the opportunity of gaining insight into both their professional and personal life. If you wish to learn a little more about this report, you are encouraged to read the Introduction to Astrology at the end of the report, which describes the general influence of the 12 signs, the planets and the 12 houses

## Life Path

### Ascendant In Sagittarius

**PROFESSIONAL - LIFE-PATH:** Influence & understanding  
You are philosophical, love freedom and open horizons, and these needs will be reflected in your choice of job. You would be happiest in an employment which offers dynamic possibilities, constant change and future promise. You would work well in pioneering ventures, especially if they offered connections abroad, or the opportunity to expand your inner or outer horizons. You are a person of extremely strong convictions and you are a passionate believer in justice. As your ideals are all-important, you have a need to see your work having an effect on society in some way. It is also essential for you to feel that what you do has meaning on a larger scale. Winning the hearts and minds of other people is important, so you may involve yourself in further education projects, consultancy, publishing and the media, or shaping public opinion in some way.

**PERSONAL - LIFE-PATH:** Influence & understanding  
You are powerfully motivated to understand your place in the world and the meaning of your existence. Your curiosity and need to explore your boundaries will lead you to travel considerably during the course of your life. If or when you prefer the settled life, then you will read, study and discuss to gain further insight into the world. You are philosophically orientated, seeking depth and answers. In partnership matters you may often feel that your opinions are trivialised; conversely other people feel you take yourself too seriously. When you are bombastic and opinionated, other people compensate by being flippant or, in your eyes, superficial. An acceptance of the relativity and diversity of truth, and a certain self-deprecating humour, can make you easier to get on with.

### Ascendant Conjunction Sun

This aspect is extremely powerful in your horoscope; it will dominate many areas of your life. This conjunction shows a fusion of energies in you. Both the positive and negative sides of this aspect will be an integral part of your character.

**PROFESSIONAL - LIFE PATH:** I, myself, me  
Whether you would prefer to have a low profile or not, you will often dominate your surroundings through the force of your personality. Professionally you strive to do your very best - for success is a matter of honour for you. You have a magnanimous disposition, and are generous in your dealings with others. Creative work and self-expression

must be an important element in your professional life. You stand on your pride too much.

**PERSONAL - LIFE PATH:** I, myself, me  
You have a radiant personality, with a touch of self-importance. You take yourself - and the impression you make on others - very seriously indeed. Some people may consider you self-centred. You tend at least to be the centre of attention, and although you invest all of yourself when you relate to others, you give your own personal development needs priority. You have plenty of surplus energy, and your playful nature can make you a figurehead for young people.

### Ascendant Trine Pluto

Though not especially strong, you will be able to feel the influence of this aspect under many circumstances. Because there is a good aspect between these two planets, you can expect the positive consequences to be strong and very creative, and the negative consequences minimal.

**PROFESSIONAL - LIFE PATH:** Aura of mystery  
You are attracted to positions of power in which you can exert control over your environment and professional relations. You have the power to deal with unpleasant confrontations, and you can make difficult decisions under pressure. There may be a ruthless streak to your character, as you often imagine threats to your position. This means that you can exhaust your resources in battles for power.

**PERSONAL - LIFE PATH:** Aura of mystery  
You have a magnetic personality and tend to exert a powerful influence on your environment. Secret efforts to feel secure in your personal relationships can be exhausting - both for you and for others. Though you have psychological talents and an ability to penetrate facades, you tend to allow an obsessive ideologies or opinions to poison your relationships. When you relinquish control you discover peace.

### Ascendant Sextile N.Node

This aspect is of medium strength and its influence will often be felt, though not acutely. Because there is a good aspect between these two planets, you can expect the positive consequences to be strong and very creative, and the negative consequences minimal.

**PROFESSIONAL - DESTINY:** No man is an island  
Your life path is closely aligned with a common destiny and associated with a greater purpose for the world. You need to be with people and to relate deeply to feel that you are

fulfilling your role in life, though you will often be confronted by the dilemma of whether to follow your own needs, or the needs of others. Relationships may play an important role in your professional life.

**PERSONAL - DESTINY:** No man is an island

You are strongly keyed in to the world that you are a part of, and in a sense you can feel the major and minor tremors that go on in your environment. As such you feel a strong sense of involvement and personal responsibility, because you are so aware of how the individual impinges on the whole. Sometimes you will have an inflated sense of your importance, but at other times you will gain an understanding of the transience of your existence.

### **Jupiter In Taurus Retrograde**

Because this planet was retrograde at your birth, you will have an instinctive knowledge of, and attraction to, the following traits and activities. You will tend to be introvert in these matters, and pursue your own individual path in strong contrast to the path chosen by others.

**PROFESSIONAL - WISDOM:** Believe in abundance

Your talent for creating and maintaining growth coupled with your true appreciation of material values, stands you in good stead in the professional world. True, you have expensive tastes, and you may be extravagant - yet your conviction that money attracts money and that the world will abundantly provide, will normally ensure prosperity - unless there are strong counter-indications in your horoscope. Listen to your instincts in these matters - you know whether material circumstances can sustain growth, and whether to expand or play it safe. In business matters you are careful and reflective, and always willing to lean towards safety, rather than risk. You know how to give and receive solid advice.

**PERSONAL - WISDOM:** Believe in abundance

You were born in a year where there was a strong focus on the material resources of the world, and the consequences of and possibilities for growth. As such you have the ability to create the circumstances necessary for growth, and enjoy the material benefits of the Earth. By cultivating your ability to experience deep satisfaction - especially of a sensuous nature - you endow the things you touch with intrinsic value. You have strong and perhaps rather old-fashioned convictions and cling to them stubbornly. You may have a particular gift for tuning in to the body, and tapping the energy which lies within it. This can enrich your life both physically and sexually. Because you have a weakness for

the good things in life, there may however be a tendency to overindulge yourself.

### **Jupiter In 5th House**

**PROFESSIONAL - WISDOM:** Personal expansiveness

Your larger than life personality can give you considerable influence in the business world. You know how to make a good impression and generally have a fine judgement as to when to take risks or not, especially as regards investments. Luck is often on your side and this makes you a winner in situations which require a gamble. You take pride in your intelligence, but you may be unreceptive to other people's opinions or over-sensitive when your own opinions are challenged. You can make a powerful impression on an audience, and this may incline you towards education. You have a generous nature and reap considerable recognition in your professional life.

**PERSONAL - WISDOM:** Personal expansiveness

A happy and expansive childhood has laid the foundation for a trusting attitude in life. You have faith in yourself and this gives you a surplus of energy and enthusiasm to enrich the lives of others. You have strong appetites - also sexually and romantically - and this may lead to too much indulgence in your life. But in general you have charisma and charm, bringing a spark of joy to the people who you choose to be with. You have the capacity and energy to have a large family, although you will also need to express your creative energy in many areas. You may be motivated by the urge to explore personal boundaries through sport or travel.

## **Identity**

### **Sun In Sagittarius**

**PROFESSIONAL - IDENTITY:** Inspire with your visions

The search for meaning and understanding is a major drive in your life. This you can achieve through philosophical interests, travel or study, and it is important for you to have a career which allows you to expand in at least one of these areas. You need to feel that you have freedom in your job, and you cannot bear monotony. You are a passionate believer in causes where fairness and justice need to be done - and your strong opinions and direct manner will occasionally get you into trouble. Diplomacy is not your strong side. Generally, though, you have a persuasive talent and your insight and convictions will win respect. You are not the type to settle into any one job for a long period of time, unless it offers opportunities for constant expansion and widening of your horizons. You desire to be appreciated

professionally for your good judgement, positive attitude and ability to envision the future.

**PERSONAL - IDENTITY:** Inspire with your visions

You are considerably inspired by nobility of the mind, and intellectual achievement. Your personal visions about the future can be very significant for the people you come into contact with. Some of the great turning points in your life come when you discover new mental frontiers which force you to discard old beliefs which you identified strongly with. You do have a tendency to pontificate about what you believe to be true. Experience shows, however, that you rarely stay in the same place as regards beliefs, and that truth is relative to your discoveries at any one time. Relationships would therefore benefit, if you were less forceful and argumentative and more open to the point of view of your partner. You may feel it is your duty to inform people of what you regard to be the truth, but experience will teach you that people listen best when you wait to be asked for your views.

### Sun In 12th House

**PROFESSIONAL - IDENTITY:** Dissolution of ego

You have the capacity to take on many roles in your life, assuming the professional guise which is expected of you under any given situation. Whatever kind of success you have, you experience difficulty truly identifying with or believing in your role. It is not easy for you to take ambition and striving seriously because you are rarely inspired by the allure of power, prestige or material goals. You seek a sense of personal significance and meaning in your life, and personal glory does not give you this. You would experience greatest satisfaction in a role in which you can express your concern for others, or in a job which allows you the peace to commune with your own feelings - perhaps a creative job of some sort. You work best when you are undisturbed or can operate behind the scenes or removed from society in some way.

**PERSONAL - IDENTITY:** Dissolution of ego

You have the capacity to take on many roles in your life, assuming the professional guise which is expected of you under any given situation. The greater part of your life is spent in a search to find or define your identity. As a child you probably felt a sense of isolation, and in relation to your father you may have felt that he was remote, a dreamy figure who was difficult to get into contact with. Later in life you also personally feel a sense of remoteness and often find that the goals you pursue lead to disappointment or a sense of meaninglessness. This inner dissatisfaction motivates

you to go on an inner journey to understand the nature of yourself. You can find meaning when you withdraw from the world for a period of time - too much contact with others for too long can be confusing for you. You would benefit greatly from meditation, because a spiritual practice or creative work enables you to reach the core of your being. When you are there you discover your place in the cosmos, and the cosmos's place in you. For you to truly find yourself, you must lose yourself. You can discover the interdependency of humanity and the universe.

### Sun Trine Pluto

This aspect is extremely powerful in your horoscope; it will dominate many areas of your life. Because there is a good aspect between these two planets, you can expect the positive consequences to be strong and very creative, and the negative consequences minimal.

**PROFESSIONAL - IDENTITY:** Transformation of identity

It is important for you to make a strong impression on people, and you invest a lot of energy in this - more than you are aware of. Much can be gained by toning down your personal energy. You are suited to positions requiring the use of power and psychological insight. Whatever you do, you like to be deeply - sometimes fanatically - involved. This may often lead to battles of will, and you tend to win, basically because you cannot contemplate personal defeat. More flexibility would actually benefit you and help you avoid tiring power games.

Personal power is a natural asset - as you will discover after a number of significant personal crises which lead to a reevaluation of your role. These crises are centred around achievement at all costs, or fanatical attachment to a particular role which outlives its meaning for you. When you learn to tone down your sensitivity about self-esteem, and invest your considerable willpower into projects which really mean something to you, and to others, you can achieve success. You may have a talent for psychology or dealing with the powers of the unconscious.

**PERSONAL - IDENTITY:** Transformation of identity

Early personal experiences have made you sensitive about your identity, and anxious about self-esteem. However this means, paradoxically, that you often overwhelm others with your presence. Thus you tend to be a dominating figure in intimate relationships. You need a partner who is not superficial and who shares your intense approach to life. To achieve harmony here you should relax instead of asserting yourself, otherwise relationships will become very exhausting. It is important to realise that power battles are

related to inner fears about your identity. Women with this influence will often be attracted to a dominating man, only to find that he does not match her own strength which was acquiring through trying times in childhood. More intimacy can be achieved by daring to show vulnerability.

## Sun Sextile N.Node

Though not especially strong, you will be able to feel the influence of this aspect under many circumstances. Because there is a good aspect between these two planets, you can expect the positive consequences to be strong and very creative, and the negative consequences minimal.

**PROFESSIONAL - DESTINY:** The illusion of being  
There may be a number of advantages for you in assuming a high profile in connection with specific groups of people. You may be elected as a figurehead, and your personal character can filter down to those you are connected to and have a profound affect on their lives. How to deal with the ensuing recognition or fame may, however, be something of a dilemma for you. Victories can ring hollow, and honour may bring disillusion, although you have a role to play in other people's eyes.

**PERSONAL - DESTINY:** The illusion of being  
Contacts with other people will play an important role in your search to get into touch with your inner identity. Father figures - through their presence or through their disappearance - will force you to ask a lot of questions about the nature of your existence, and this will in time lead to new spiritual growth and vision. Influential people and - later in life - spiritual authorities, may be eclipsed through sudden inner realisations. Times of inner darkness alternate with the blinding light of Truth.

## Jupiter transiting Square Sun

29-01-2010 -> 22-02-2010

Major irritation factors arise as a result of this influence, yet if you use this period to initiate dynamic change you will be able to make dramatic progress in your life.

**PROFESSIONAL - IDENTITY:** Creating your future  
During this phase of rising self-confidence you can expect your plans for expansion to take off. You should be thinking positively about the future now, visualising how you would like things to be as vividly as possible. Your power to get what you want is at its highest, so start expounding your visions of a bright future. Remember: you get what you focus on, so focus on what you want.

It is favourable to expand into foreign countries; higher

education, public relations and insight-enhancing projects will also bring success. Whatever you do, it is essential that it has depth and meaning for you. Don't waste important time on trivial matters - success is about the quality of life and making an impact with the essence of your own identity. If necessary take time off from work to build up a new vision for your future. If you have any legal problems, you will be confronted with them now so ensure that you are morally unassailable. And don't over-estimate yourself and your capacities. Make sure your plans are within the boundaries of reality.

**PERSONAL - IDENTITY:** Creating your future  
During this phase of your life you will be given the opportunity to find a new sense of meaning in your existence. Bubbling up from within, you have the chance to release a new energy and enthusiasm based on a sense of your personal relevance to this planet. Travel abroad and contact with people you respect for their intellectual and spiritual capacities will now expand your world-view. Knowledge and understanding will enable you to build up a broader moral base with greater insight and tolerance.

This is a very favourable time for religious growth if you are so inclined, or philosophical and intellectual insight. In many ways the world opens to you and reveals its gifts and blessings for you to enjoy. Take care as you sample the pleasures of this cornucopia and don't overestimate yourself - personal hubris will be punished and you may find yourself coming down to Earth with a bump.

## Emotions

### Moon In Scorpio

**PROFESSIONAL - EMOTIONS:** Give emotional strength  
You are a person with intense emotions, likes and dislikes. On a professional level, you give yourself heart and soul, and you have a special talent for tuning in to the emotional wavelength of others. It is difficult to keep a secret from you. You have the power to influence other people through your emotions. At its most negative level, this manifests as a tendency to manipulate others by creating an icy emotional atmosphere until they do what is necessary for you to feel more secure. It is a relief for all parties when you give up this exhausting habit which can negatively affect both professional and private relationships. You have very accurate intuitions about other people, and can be very forthright in expressing your feelings.

**PERSONAL - EMOTIONS:** Give emotional strength

Deep inside you are very vulnerable, but few people are admitted to the inner chamber where your emotions dwell. You are driven unconsciously to fiercely protect the things which are dear to you, and any hint of insecurity in this area evokes strong defensive emotions, jealousy and anxiety. Trust is an essential ingredient in emotional relationships, and it is only when you feel completely secure, that you can finally commit yourself in this area. When this happens, you consider that the bonds that are created are made for life. In the process of maturing you will learn a more relaxed attitude to relationships. This will only come after a deep sense of loss, which leads you to transform your emotional values in the sense that you learn not to invest all your emotional security in another person.

### **Moon In 11th House**

**PROFESSIONAL - EMOTIONS:** Social security

You have a professional talent for working with people in groups, especially if this involves caring or humanitarian projects. You feel at home in the crowd, and career satisfaction comes when you have a sense of belonging to the people you work with, and know that they also appreciate you. You can become quite attached to pet projects and have some difficulty letting go of the reins when other people take over. You are passionately attached to idealistic principles as regards the treatment of special groups in society. You may also be interested in consciousness development in groups and have a talent for working with emotional problems in untraditional environments.

**PERSONAL - EMOTIONS:** Social security

You form very strong bonds to your friends and are extremely sensitive to how they treat you. You are both caring and concerned as regards their personal development, and easily hurt if they let you down in any way. You need to belong to a group, and your experiences in this area are strongly influenced by your school years. You tend to become too attached to a particular friend at this time, and this can bring problems when you both develop the need for change. During the course of your life you learn to develop a greater emotional detachment, so that you are not so easily hurt or disappointed by others. You may be over-sensitive as regards your social position.

### **Moon Conjunction Mercury**

This aspect is of medium strength and its influence will often be felt, though not acutely. This conjunction shows a fusion of energies in you. Both the positive and negative sides of

this aspect will be an integral part of your character.

**PROFESSIONAL - EMOTIONS:** Emotional awareness

You have great persuasive talents because you make an emotional investment in everything you say. At its best you can use these communicative talents to sway the feelings of the people around you - obviously a great asset when speaking to a public. You know how to tune in to the mood of the crowd and have an instinctive talent for saying the right thing. You need to be passionately engaged in your work, and function best in a role which gives you human contact. You work better with people than with things, but there is good business talent, especially as regards property. You are not an analytical type, and your judgements are easily swayed by your feelings. Thus you are easy to read, and will often stumble verbally, when you encounter conflict. You would find success in a career in which you utilised your talent for listening and speaking to people.

**PERSONAL - EMOTIONS:** Emotional awareness

You are a person who likes to communicate on an intimate level with those you are close to, though you have difficulty opening up to those you do not know well. Other people are comfortable entrusting their thoughts and feelings to you however. Your word and tone of voice are always tinged by your emotions, and this ensures you a good audience. Your emotions tend to swing a lot, and when you are feeling negative it can be very difficult for you to express yourself clearly. Under extreme emotional conditions you will be rather irrational. You have probably been profoundly emotionally affected by sibling relationships, and even now may have a powerful emotional bond to a brother or a sister. Your school years will also have had a great emotional impact on you, for better or worse. You are extremely sensitive to being criticised or misunderstood on a mental level. In many ways you are able to build a mental bridge between the conscious and unconscious mind, clarifying emotions through mental awareness.

### **Moon Conjunction Mars**

It may be difficult for you to discern the influence of this combination of planetary energies; it is weak and may be outweighed by stronger influences. This conjunction shows a fusion of energies in you. Both the positive and negative sides of this aspect will be an integral part of your character.

**PROFESSIONAL - EMOTIONS:** Temperament

You have a dynamic and forceful personality, and generally get your way in your professional dealings. Your greatest

enemy is your temperament - you get angry easily, and when you get angry, you take ill-considered actions. So if your job involves dealing with the public, there will tend to be a lot of conflict. You may however function well if your job entails the need to confront people and get things done, but not if it involves diplomacy or sympathy. You are impatient, but on the other hand you tend to invest your heart and soul into your work and get things done quickly and efficiently. However, you create an atmosphere of tension around you, and are extremely sensitive to criticism. You often imagine attacks which do not actually take place, instinctively going on the offensive, or defensive, to deal with supposed threats. Obviously this kind of reaction evokes the very kind of attack you are seeking to avoid. Only by taking a long, cool look at your assertive nature and by developing greater sensitivity and calm as regards others, can you hope to win goodwill in your professional life.

#### PERSONAL - EMOTIONS: Temperament

You were brought up in an atmosphere of tension which has made you constantly on guard. Perhaps your mother was an unusually aggressive woman, or perhaps there were many struggles in your family life. Whatever the reason you tend to get easily upset now - especially in your domestic life. Women with this aspect are often attracted to emotional men who express their feelings passionately and intensely. However this may be because of unconscious provocation from the woman, who - never having experienced peace and calm in her early life - recreates the atmosphere of tension through criticism or angry moods.

Men with this aspect tend to have a short fuse, and often go about in an irritated state of mind. By identifying early childhood patterns of tension it may be possible to combat these negative emotional anger-states, which can be the source of a great deal of internal pain. Expression of anger rarely solves anything. It does not pay to let anger out, as you may fondly imagine. It pays to be conscious of the reasons for anger, before it arises.

As you mature and you gain insight into your emotional nature, you can learn to create an atmosphere of excitement around you. You will be inspiring to be with, and moreover, you learn to combat insecurity by giving freedom of movement and encouraging independence in those you are attached to.

#### Moon Opposition Jupiter

Though not especially strong, you will be able to feel the influence of this aspect under many circumstances. There will be great difficulty in integrating these two planetary

influences, and the promised harmonious results will only arise after you have expended time and effort.

#### PROFESSIONAL - EMOTIONS: Horizons

You would thrive in a profession which offered you the opportunity to travel and explore different cultures. You could easily work or settle in a foreign country. Being restless in spirit, you get rather bored in a job which does not have an element of exploration - culturally, intellectually or geographically. You are essentially a very curious person, and the pursuit of knowledge is food for your soul. You can also be very caring, and your generous disposition can give you a talent for working with the public, especially as regards public opinion, marketing, or broadcasting values of some sort or another. Children would be especially benefited by your attention, and you have both the humour and educational drive to be a good teacher. You are not the kind of person to stay in any one job for a great length of time, unless it offers opportunities for growth and expansion.

#### PERSONAL - EMOTIONS: Horizons

Foreign environments may have played an important role in your upbringing, and generally speaking you will enjoy the cultural stimulation of travel and new horizons. You have very strong empathy, and your emotional life exerts a powerful influence on your environment. You feel things very strongly, especially as regards what is right and what is wrong. You react powerfully to perceived injustice, and instinctively flare up or get upset when you think something is unfair. Above all, you dislike restrictions on your personal freedom, and you can manifest a strong independence if you feel encroached upon. You may often overreact to quite normal expectations on the part of the partner, as regards commitment and responsibility. Generally however, your optimistic and light-hearted nature brings a lot of joy and happiness to personal relationships, just as long as you are allowed to feel free, travel and pursue your intellectual interests.

#### Moon Opposition Saturn

This aspect is extremely powerful in your horoscope, and will be a major feature of your character. There will be great difficulty in integrating these two planetary influences, and the promised harmonious results will only arise after you have expended time and effort.

#### PROFESSIONAL - EMOTIONS: Self-sufficiency

You are a very responsible and dutiful person who is very motivated to live up to your commitments to society. You can work well in a role which requires hard work and a lot of

responsibility, especially if this entails formal relations with the public in some way. You can function effectively as a buffer between the public and the authorities. You may have a special talent for working with old people, or with people who have emotional problems or very difficult life circumstances. You have a measured response to the people you meet and can evoke considerable respect from others, just as long as you do not allow yourself to be crippled by shyness. You can perform monotonous tasks patiently, and are good at systematising things and creating order. Professionally you are strongly motivated by job security and continuity at work. You are not very flexible, and tend to stick to long-term habits and work-patterns. On the other hand you are reliable and conscientious.

#### PERSONAL - EMOTIONS: Self-sufficiency

You are extremely sensitive emotionally, but present a very solid facade to the outer world, giving the impression that you are quite cool, even invulnerable. Behind your formal manners is a person who was never fully allowed to enjoy a carefree childhood. At an early age you took responsibility in the family, repressing your own spontaneity and lowering your expectations because of emotional hurt. In later relationships you have difficulty letting down your protective barriers, even though you have a deep desire for intimacy. If you do get hurt emotionally you rarely let on, and you close the shutters on your feelings so that your loved one has no chance to make amends. After the age of 30 you learn more successful strategies for intimacy. First of all it is essential for you to be emotionally self-sufficient - if you sell yourself for security, you will end up in a prison. From a position of inner strength you can then allow yourself to be more trusting and vulnerable - you have nothing to lose and everything to gain by opening up emotionally without making any demands.

### Jupiter transiting Square Moon

11-02-2009 -> 08-03-2009

Major irritation factors arise as a result of this influence, yet if you use this period to initiate dynamic change you will be able to make dramatic progress in your life.

#### PROFESSIONAL - EMOTIONS: Expanding your base

This influence depends very much on how large a role safety and security play in your professional life. If safety is paramount, you will be wanting to expand the foundations of whatever represents security for you now. As this may well be property, you could wish to move into a larger home or business, and indeed it certainly pays to invest in land and

buildings now. Providing that you can trust your instincts in these matters, then property acquisition or expansion is favoured.

For some people freedom and expansion of horizons will be more important than security. The urge to investigate foreign countries - their people and culture - can play an important role in your career now. Trust in your hunches - your intuitive powers are at their highest in this period, and you have the enthusiasm to take on any challenge. You may however find that your interests lie outside the professional sphere. This is a higher-charged period for you emotionally, so you will probably also want to expend your energies on domestic or family matters.

#### PERSONAL - EMOTIONS: Expanding your base

This is a period when your feelings and emotions exert a tremendous power in your life. Hopes and dreams about the future will be a driving force inspiring you to take action. Generally speaking you should have a degree of luck and good fortune in attaining your greatest dreams at this time. This is probably a natural consequence of the enthusiasm you invest in all matters. You can expect an expansion of your horizons and a deepening of your capacity to show feeling. You learn something of the mystery of life, and it gives a new meaning to your existence.

You can be strongly inspired by a future vision connected with domestic happiness, a home or children. There is, however, a tendency to go overboard. If you are hoping for the fulfilment of emotional dreams, so many opportunities can arise that you simply cannot make a choice. Furthermore your emotional suggestibility is at its highest - you believe what you want to believe. Whatever the concrete results - if any - of this period, you will come into deep contact with your emotional power and gain rewarding new insights.

## Mentality

### Mercury In Scorpio

#### PROFESSIONAL - MERCURY: Analysis

Your perspicacious nature and investigative talents can be an advantage in many professional areas. You are a person who can be entrusted with a secret - your lips are sealed. You are also a person who can discover secrets, therefore there is a talent for research and investigation. Your need to pierce to the roots of an issue gives a predisposition for psychological or occult interests. There may also be a talent for working with computers. Your talent for seeing weaknesses in others can help you be of mental support to

them if you share your insights. It is important for you to be more open in your dealings with others - otherwise people get the impression you are plotting something. People need to be reassured that your motives are pure.

**PERSONAL - MENTALITY: Analysis**

You are a deep-thinking and silent type. Superficiality is anathema to you; when you say something, it normally strikes deep and is delivered with considerable intensity. Experiences early in life may have made you somewhat suspicious, inclining you to look for secret motives in others. This can be unnerving for those close to you. You often feel that communication can be achieved through eye-contact alone, and that the great truths are unspoken. Remember that people also use words to make contact, and that everything doesn't have to be deeply meaningful. Scientific studies show that 55% of all communication is through body language - a fact that you have been instinctively aware of most of your life, having observed the way people react under your gaze.

### Mercury In 11th House

**PROFESSIONAL - MENTALITY: Social contact**

You are a very stimulating person to be with, and your talent for inspiring other people may be an important factor in your work. You have a lot of ideas about how groups and society in general should function, and this can give you success in the field of social services, education, or any employment in which you can get your ideas across to larger groups. You can learn communication techniques for enhancing group consciousness. In other respects it is not what you know but who you know that helps you get on in the world - the social network you are capable of building up stands you in good stead for making professional connections.

**PERSONAL - MENTALITY: Social contact**

Your friendships are extremely important to you and some of your most mentally formative experiences have come from inspiring talks with people who you respect for their intelligence. Belonging to a set of friends or special social group with untraditional interests is the best way for you to express your ideas. You need a wide audience for your ideas, and you can function well in groups who need to hear what you have to say. You also derive great benefit from going on courses which are experiential and group-oriented. Mental contact with others is as important to you as the air you breathe, and in intimate relationships you will still insist on being able to go out and about with your friends.

### Mercury Opposition Jupiter

It may be difficult for you to discern the influence of this combination of planetary energies; it is weak and may be outweighed by stronger influences. There will be great difficulty in integrating these two planetary influences, and the promised harmonious results will only arise after you have expended time and effort.

**PROFESSIONAL - MENTALITY: Disseminating information**  
One of your great professional assets is your intellectual curiosity and interest in communication and information. You can be something of a perpetual student, accumulating knowledge and insight for a rainy day. These intellectual talents bring you success in fields which require study, writing, meeting people, travel and generally exchanging ideas. You have excellent teaching talents, because you both have the capacity to concentrate on details, and at the same time can draw wide-ranging conclusions. You can maintain an overall perspective, even when drowned in facts and figures. You can also be extremely persuasive, and this can give a talent for sales. People can come to you for advice and information. You are also suited to a position in an office, where you have access to phones and faxes, computers etc. You may be rather restless, so you need to work in a position in which you work with a whole spectrum of daily tasks, or in a situation in which you meet a variety of different people, perhaps whilst travelling around.

**PERSONAL - MENTALITY: Disseminating information**

Gaining intelligence is a strong motivating factor in your life. Attending courses and studies, learning languages, travelling and meeting people, are all important activities for you, because they give you the opportunity to train and expand your mind. A foreign language may play an important role in your life - you certainly have the capacity to master more than one language. You can be witty and a mine of information. On the other hand you may feel a strong need to impose your ideas and opinions on others. You hate to be belittled mentally, and you may compensate for this by becoming argumentative, or by dutifully trying to enlighten people about what the truth is. It is better to fulfil this need in some job for which you get paid - rather than tire your partner with your constant need to explain and inform. It is wisest to give your opinion only when it is consciously sought by others.

### Mercury Opposition Saturn

It may be difficult for you to discern the influence of this combination of planetary energies as it is not a strong configuration in your chart. There will be great difficulty in integrating these two planetary influences, and the promised

harmonious results will only arise after you have expended time and effort.

**PROFESSIONAL - MENTALITY: Mental discipline**

You have a logical and disciplined mind, and special skills as regards working out systems and performing tasks which require patience for long periods of time. You prefer to stick to rules and established methods, but you can apply your mind to any task in a very conscientious way, if required. You may be rather suspicious in allowing the imagination to have too much influence - you are the kind of person who reads instructions carefully and follows them. This can make you a little inflexible as regards integrating new methods. Furthermore your admirable attention to detail can hinder you in getting an overall perspective on things. In the first phase of your professional life you can be afflicted by a sense of mental inferiority, so it is important for you to spend time on further education in a constant process of acquiring new skills.

**PERSONAL - MENTALITY: Mental discipline**

You are oversensitive about your intelligence and have a tendency to work twice as hard to prove to yourself and to others that you can meet intellectual demands. As you put so much effort into improving your mind, you can become quite an expert in your chosen field. However in personal relationships you can become very defensive when you are misunderstood, and in situations when you try to understand another person, a mental block can descend because you invest too much self-conscious effort in the process. Relationships would benefit dramatically if you were more relaxed in this respect. You are reluctant to admit it when you do not understand, and this can lead to an escalating situation of misunderstandings. You are also rather a stickler for detail and can be frustratingly pedantic, and your formal style tends to stand in the way of mental spontaneity. Many of the problems around communication improve after the age of 30, as you learn that communication is not a competition but rather a two-way process in which understanding brings mutual benefit.

### **Mercury Opposition Uranus**

It may be difficult for you to discern the influence of this combination of planetary energies, as it has only a mild effect in your chart. There will be great difficulty in integrating these two planetary influences, and the promised harmonious results will only arise after you have expended time and effort.

**PROFESSIONAL - MENTALITY: Inventiveness**

You have some mental qualities that border on genius. Being receptive to signals in the environment which go over the head of the average person, you know how to integrate radical new ideas into your work. You have the inventor spirit, and you are always willing to experiment with new methods. By developing your knowledge of the scientific functioning of the mind, you can be a driving force for renewal at work. You may be skilled at technical matters, computers or untraditional, even provocative subjects. It is important for you to learn to put your ideas across in a constructive manner however. You have a tendency to talk at cross purposes, without ensuring the other person is following you. Coupled with this you may also be impatient with people as they fumble with old concepts and ideas. You can be provocative, or go off at a tangent - and this may only serve to alienate you. Clarify your intentions when you communicate. You have a talent for exotic languages.

**PERSONAL - MENTALITY: Inventiveness**

Other things being equal you have a very quick mind, and you attract attention through your ability to give conversations a surprising turn. You are quickly bored by conventional waffling and you are prepared to say anything, repeat anything, to give conversation more interest. Although at times you can be very amusing, this tendency easily leads to confusion and misunderstandings in relationships. You break the flow of communication - a habit you learned in childhood - and this leads to a rather stressful atmosphere in intimate relationships. You need to involve yourself with friends or groups which have similar interests to you, rather than expecting to get all the mental stimulation you desire from your partner. When you get bored in intimate relationships, you tend to say and do the opposite of what is expected, just to get results. You also tend to make provocative statements. This can be exasperating for the partner.

### **Jupiter transiting Square Mercury**

**28-02-2009 -> 08-11-2009**

Major irritation factors arise as a result of this influence, yet if you use this period to initiate dynamic change you will be able to make dramatic progress in your life.

**PROFESSIONAL - MENTALITY: Expanding contact**

The effect of this influence depends very much on how you employ your mental talents in your profession. This is the time you should invest in your mental abilities. Knowledge is power, so it could pay for you to go on courses, meet people and expand your sphere of influence. You can expect an

increase in the time you spend travelling now, so try to streamline this area of your life. You should be doing more to enlarge your network of contacts, so make sure you are available through telephone, fax or computer. You will talk more, travel more and write more.

If you have any dreams as regards writing or getting some message across to the public, now is the time to go for it, as there is a strong disposition for success in these matters. This is generally a great time for wheeling and dealing, doing business and capitalising on contacts at home and abroad. Nevertheless you can talk too much and be too intellectually pushy. Take time to listen to the opinions and advice of others - you can make misjudgements if you don't.

#### PERSONAL - MENTALITY: Expanding contact

This is a period of expanding intellectual curiosity which can be reflected in many areas of your life. You will probably devour books and TV programmes at this time to satisfy your urge to acquire knowledge. It will also be an important process for you now to weave all the threads of information that you gather into a whole piece of cloth, so that you can see a meaningful pattern in all the details that surround you.

This is a time to be on the move and to allow your mind to be fertilised by contact with a wide variety of people with different views on life. You should be bubbling with ideas, so you have to get them down on paper or out to a broader public. Although this is generally an optimistic period, there is a risk of losing your sense of proportion, particularly if you are inclined to worry or fantasy. Knowing the power of the mind to create the future, you would be well-advised to guide your thoughts into constructive channels.

## Values

### Venus In Scorpio

#### PROFESSIONAL - VALUES: Relationship depth

You are a private person, loyal by nature, with considerable perspicacity in personal relations. You are not suited to employment which demands that you relate superficially to other people, although you certainly know how to maintain an aura of privacy around you if you have to. One or two strong professional bonds to which you are very loyal is more your style. You can deal with many issues, but often some secretiveness is required, especially as regards financial matters. You have a talent for administering finance. In the first part of your life, you may be strongly attracted to material success and personal prestige, as your personal worth is a central issue for you and a good salary does wonders for self-esteem. This may change later

because of a financial crisis, which forces you to re-evaluate what is important to you.

#### PERSONAL - VALUES: Relationship depth

Emotionally you would prefer to mate for life - love is a serious issue for you, and you are inclined to be faithful, though possessive. There is considerable anxiety in relationships, and often a powerful jealousy, which in reality is testimony to the intensity of your love. Women with this position expect 100% emotional involvement from their mate, and the erotic element of the relationship will be a major factor. Indeed sexual satisfaction may serve as a barometer for the relationship. Men are attracted to the silent type of women, the aura of mystery and the sense of fated attraction. There is a tendency to become enslaved by the passions. It is important to avoid economic and emotional co-dependency. It is difficult for a relationship to survive unfaithfulness - love is all or nothing.

### Venus In 11th House

#### PROFESSIONAL - VALUES: Social warmth

You are an extremely sociable person with a great, though rather impersonal interest in other people, especially if they come from an unusual environment or have original interests. Your social talent gives you certain professional advantages, as you become an appreciated member of the social group to which you belong. You can find great pleasure in the social arrangements that go along with your work - indeed this may be where you do your best work. Generally speaking you are inspired by strong humanitarian values, and you would be happy to work in a position where you can give people social support in some way, or perhaps work in a consciousness-enhancing field. You have a talent for working in groups - especially when there is a majority of women.

#### PERSONAL - VALUES: Social warmth

You have a kindly and tolerant attitude to most people, and this results in you building up a large circle of friends and acquaintances. Warm friendly relations have a high priority for you, and you have a natural charm which ensures that friendships are mutually rewarding. In more intimate relationships, your social life will still be very important for you. You are not comfortable channelling all you love and affection on just one person, so it is necessary for you to maintain your social connections if you want to feel fully satisfied. You have a talent for spreading your love on a wider basis, and though this means that you can be rather romantically cool in a one-to-one relationship, you can be valued by others on a collective level. You need the

feedback and appreciation of your friends to feel good about yourself. You are blessed with affectionate and supportive comrades.

## Venus Conjunction Mars

You will often feel the influence of this aspect, though stronger influences may predominate in other areas of your chart. This conjunction shows a fusion of energies in you. Both the positive and negative sides of this aspect will be an integral part of your character.

### PROFESSIONAL - VALUES: Enjoyment

You have a dynamic creativity, but how you use it depends greatly on the nature of the aspect. Harmonious contacts between Venus and Mars give an exciting and winning nature, and the ability to work creatively with both sexes in whatever field you may be in. Inharmonious aspects also give considerable creative power, but conflict regarding sexual roles can sabotage success in one way or another. There is a strong erotic element in your character, and this can lead to sexual involvements which distract you from your business. Men with these aspects tend to be more active in their sexual pursuits, women often feel they are on the receiving end. It all depends on the unconscious signals that you send, as you have a natural sex-appeal. If all goes well you can emanate warmth and congeniality which brings professional popularity. This can lead you to success in many fields, especially those in which physical strength is combined with grace in some form. You would also work well in public relations, and in dealing with children. Entertainment and having a good time can be very important for you in your work.

### PERSONAL - VALUES: Enjoyment

As Mars and Venus are the male and female archetypes, this combination brings a powerful need to resolve the dilemma between the sexes. Harmonious aspects show greater ease in this matter, but inharmonious contacts and the conjunction bring extremely difficult challenges. Often confusion about the sexual role stems from the impression given by the parents concerning their love-life, particularly if infidelity was involved. Women with this aspect often experience a strong contrast between the demands of femininity and those of sexuality, and in extreme cases the man is perceived as being a primitive only interested in sexual satisfaction. Actually the woman sends strong sexual signals but gets confused about the response she receives, not knowing whether to take the initiative, (ladies don't do that), or be passive. The paradox is that women with this aspect have strong masculine traits, and can resent the man

taking the initiative. Men with this aspect will sometimes have rather feminine traits, and have difficulty taking the initiative.

Whatever the circumstances, the erotic life plays an important role in the character, and there is a strong tendency towards sexual involvements which can be a threat to stable relationships. There is in both sexes a difficulty in integrating the loving nature with passion and desire - when to be tender and affectionate, when to go your own way? When to be attached, when to be detached? When to be chaste, when to let the body take over? When a balance is found, then there is great potential to have enjoyable relationships on both the physical and spiritual level.

## Venus Opposition Jupiter

It may be difficult for you to discern the influence of this combination of planetary energies as it is not a strong configuration in your chart. There will be great difficulty in integrating these two planetary influences, and the promised harmonious results will only arise after you have expended time and effort.

### PROFESSIONAL - VALUES: Fortune

You have excellent aesthetic judgement, and strong personal values and convictions. You are suited to any profession which can make use of your ability to evaluate and compare - especially if this is connected to cultural or artistic projects. You also have a great ability to impress others with your charm and insight. You would be wasted in a job which did not allow you the opportunity to meet and influence people. You can deal with cultural issues or artistic objects, you can travel in your career, you have diplomatic talent, you have a great sense of style. Success often comes easily for you, and you may thrive in the company of women, and have their professional support. Normally you are lucky, and a great deal of money can flow through your hands. How fast it flows is another question altogether. Your warm personality and optimistic view of the future are your greatest assets.

### PERSONAL - VALUES: Fortune

You are an extremely loving and romantic person, and this brings both benefits and problems. Often you fall in love with love, and have difficulty settling into stable relationships because of your hunger for romance and emotional stimulation. You are however a great lover, and your attention makes your loved one blossom. There is a tendency to be attracted to a person who comes from a different culture or country - perhaps this is because of a

need to widen your emotional horizons. There is a tendency to marry upwards in society. The most important value for you in a relationship is intellectual or cultural stimulation. You need to be able to respect your partner for his or her intelligence. A woman with this aspect has a great need for attention and appreciation, and particularly values the mental stimulation the partner can give. A man with this aspect has a great appetite for the opposite sex, and whilst intelligence is important, there is often a taste for exotic or good-looking women. Faithfulness may not be a strong point, though sooner or later there will be a tendency to tighten up moral values regarding love.

### Venus Opposition Saturn

It may be difficult for you to discern the influence of this combination of planetary energies, as it has only a mild effect in your chart. There will be great difficulty in integrating these two planetary influences, and the promised harmonious results will only arise after you have expended time and effort.

#### PROFESSIONAL - VALUES: Formality

You have a strong sense of responsibility regarding your professional relationships, and you value trust and stability most of all. You can therefore function well in long-term business partnerships, and you are especially good at relating to the public in a friendly, though formal manner. You have a pleasing diplomatic nature and a fine sense of protocol. Job security and a strong economy are important to you, and other things being equal you are very careful with money. This may give talents connected with the financial world, banking, investment etc. Women with this aspect can be especially ambitious and willing to endure considerable hardship to get on in a career. In general there is more emphasis on the professional life than on the personal. As time goes by you grow to learn exactly what you are worth, and expect to get paid for it.

#### PERSONAL - VALUES: Formality

It is unlikely that you will be completely fulfilled in your love relationships during the first 30 years of your life. You may have a rather low sense of self-worth and a correspondingly low threshold of expectation as far as romance is concerned. You prefer to play it safe, having burned your fingers in your young days. You may be attracted to an older partner, who can provide structure and security in a relationship, although security of this kind can prove restrictive in the long run. Intimacy does not come easily to you because of a strong fear of rejection. You maintain a cool facade as a protective measure, though this only

makes your world a little colder. As you get older you learn that it pays to be a little more vulnerable, it pays to take a risk with your emotions. First you need to build up a strong sense of personal self-worth. Then by showing your own feelings without demanding exaggerated demonstrations of love in return, you can create a safe space for the mutual exchange of love.

### Venus Square Pluto

You will often feel the influence of this aspect, though stronger influences may predominate in other areas of your chart. There will be great difficulty in integrating these two planetary influences, and the promised harmonious results will only arise after you have expended time and effort.

#### PROFESSIONAL - VALUES: Transformation of values

You have the ability to awaken deep sympathy in the hearts of other people, and you are probably willing to go to great lengths to be appreciated. Your attention to others can evoke a very positive atmosphere and genuine good feelings, if you learn to avoid a few simple weaknesses. You tend to go too far in pleasing others and trying to create a good impression. In this way you can monopolise some people and alienate those who are not impressed by your apparent charm. Businesswise you have a special talent for getting the most out of resources. You can see the value in items other people might throw away, and can turn waste into something valuable. Financially you must avoid the trap of getting into debt by buying prestige items. Do not throw good money after bad. Above all avoid becoming economically dependent on others - you could end up being manipulated.

#### PERSONAL - VALUES: Transformation of values

Your intimate relationships are characterised by their intensity. You are simply not interested in a superficial or casual relationship. You have a tendency to invest a lot of energy into winning love and attention and this is actually a throwback to childhood experiences which equated love with survival. You will often feel that it is fate that has brought you and your partner together, and that nothing will break the bond that has been established. Unfortunately, an unconscious fear of losing love can result in many exhausting emotional scenes. Relationships can lurch from crisis to crisis. When these negative influences have been transformed you will discover a real talent for giving loving support to others.

### Jupiter transiting Square Venus

01-01-2009 -> 24-01-2009

Major irritation factors arise as a result of this influence, yet if you use this period to initiate dynamic change you will be able to make dramatic progress in your life.

#### PROFESSIONAL - VALUES: Blessings

If you are the lucky type, you could not have a better period than this one. This is a time when influential people - particularly women - can guide you towards success, and when your economic resources have every chance of expansion. Success comes in particular in the cultural, intellectual or artistic field, though there is also a reasonable chance of business expansion also. Matters of fairness and justice will cause concern at this time.

It is more important to enjoy life than just work hard at this time - if you can't appreciate life's pleasures now, when can you? What are your true values and goals in your career? This is the time to include them in your plans for the future. However, if you indulge your pleasures too much, this can be an expensive time. You are very vulnerable morally now, and affairs of the heart can lead you into a costly blind alley. Don't cut corners to gain easy profit, a questionable gain now can lead to long-term loss. You are easily seduced.

#### PERSONAL - VALUES: Blessings

This is a romantic period par excellence, so you can expect affairs of the heart to have priority now. If you are in a relationship, your need to give and receive love will be very strong, so ensure that you indulge your emotional and erotic desires. This is a time when the power of romantic and sexual attraction is extremely strong, whilst the moral discipline is weak, so it is important to weigh the needs of the heart with other emotional costs. Sometimes it is more important to nourish and indulge the need for love than anything else, sometimes not. Let your ideals about fairness guide you.

It is a great time to travel, and if you are seeking a partner, there is one to be found in foreign climes, or in cultural or intellectual institutions. You are not inclined to fall for anyone for physical reasons alone at this time - you need a partner who can stimulate you intellectually, and expand your understanding of life and its pleasures. If you are interested in creativity, this can be a wonderful period because you gain insight and understanding of the aesthetic forces of Nature, seeing the beauty inherent in all things, and experiencing that beauty as a manifestation of truth in some way.

## Drives

### Mars In Scorpio

**PROFESSIONAL - DRIVES:** Cut through to the essence  
You have deep energy reserves at your disposal, and there is the capacity to work under considerable pressure - indeed crisis situations can evoke outstanding qualities in you. You work in an intense and determined manner, and are capable of sticking to a project over a long period of time - you can even become obsessed by your work. There are special talents with regard to analysing a situation in detail, and you have an uncanny instinct for getting to the source of a problem. If a difficult decision has to be made, you can do it, even if it might mean telling someone an unpleasant truth or getting rid of someone who is superfluous. In some cases there can be a reputation for being ruthless, but this quality is often necessary if one feels limited by something which has outlived its usefulness. You have the capacity for helping others in crisis - especially on a psychological level.

#### PERSONAL - DRIVES: Cut through to the essence

You are a dangerous person when cornered, even though you may not give this impression at first glance. Other people sense your power and can feel rather nervous in your presence. Many passions rage in your centre, and you are very sensitive to situations which undermine your prestige. It would be an advantage for you if you could cultivate a more relaxed attitude to competition. Men with this position of Mars have a magnetic aura and powerful sexual drives. They like to exert a subdued power in love relationships. Women also exude an aura of power and sexuality, and are drawn to a man with an aura of mystery or secrecy. Jealousy - and even revenge - can be powerful unconscious factors in relationships. Both sexes hate to feel powerless and expend a lot of energy maintaining control in any given situation. During your life emotional negativities will be transformed through powerful psychological upheavals, and you can become a silent force for good in your environment.

### Mars In 11th House

#### PROFESSIONAL - DRIVE: Solidarity

You are dynamically inspired by social causes and can find professional satisfaction working motivating groups in one way or another. You are a reformer by nature and are prepared to take on the necessary confrontation to get your ideas accepted. Your motivations as a reformer are not selfish; you are prepared to be in the vanguard working for collective interests. You have very little respect for restrictive social norms and prefer to be direct in your dealings with people, therefore you function best when you are a spokesman of some sort, or when you carry the banner of a

social or political movement. You may have very strong ideological principles, and you are prepared to fight for them.

**PERSONAL - DRIVES: Social agitation**

You are very interested and involved with your friends; fiercely loyal, you are prepared to fight shoulder-to-shoulder with your brothers and sisters for a common cause. However many troubles arise in your social circle - perhaps because you have a tendency to speak your mind to a provocative degree, perhaps because you are a bit of an outsider. Not one to take social niceties into consideration, you tend to stir up discontent in groups. You are also attracted to rough and ready people who you can trust for their honesty and directness. You have the ability to take on a dynamic role in a group, perhaps connected with sport or outgoing enterprises. Generally speaking you will thrive in the company of men. Women with this influence may often be sexually attracted to a friend; men may prefer to be with amongst other menfriends as they can feel too limited by intimate partnership.

## **Mars Opposition Jupiter**

Though not especially strong, you will be able to feel the influence of this aspect under many circumstances. There will be great difficulty in integrating these two planetary influences, and the promised harmonious results will only arise after you have expended time and effort.

**PROFESSIONAL - DRIVES: Ebullience**

You are a person with considerable optimism and energy, and your generally dynamic nature and positive attitude to the future will most probably bring expansion and success in your professional life. You are endowed with great courage and enjoy a challenge, so you would thrive in employment which gave you the opportunity to expand your horizons and travel. There is something of the pioneer in you. As intellectual challenges are also important, you need mental stimulation and the opportunity to discuss issues and get important messages across. You can be very persuasive, but perhaps you also have a tendency to browbeat others. You have an almost religious zeal when it comes to convincing others about what is right and what is wrong. You may even see yourself as a fighter for justice, and whereas this ability to fight for a cause can be very useful under some circumstances, it can also lead to tiring conflicts and disagreements with superiors. Obviously, a job which utilises your energy, enthusiasms and deep convictions would be the best channel for your ebullient energy.

**PERSONAL - DRIVES: Ebullience**

You may well be an exciting person to be with because of your sharp intellect, optimistic nature and sense of fun. If you are a man, you will enjoy the company of your own sex, and be engaged in many activities, perhaps connected with sport or travel. You can excel in mental sparring contests and the thrill of debate. However there may be a tendency to pontificate, or generally make your opinions known in a rather dominating manner. Knowledge and understanding are strong motivating factors for you, so you like to sharpen your mind with discussion and involve yourself in cultural interests.

Women with this aspect are attracted to intelligent men, and often have attachments to foreigners. The most important motivation factor when choosing a man is his ability to expand her mental horizons - either through religious, political, philosophical or cultural interests. An intellectual watershed arises in the relationship, where the man is no longer able to satisfy the intellectual hunger of the woman. How this issue is dealt with is critical for the success of the relationship. The most important thing for both sexes is to take personal responsibility for ensuring constant intellectual or philosophical expansion and personal growth. Relationships would improve dramatically, if you were able to admit that sometimes you are wrong.

## **Mars Opposition Saturn**

This aspect is of medium strength and its influence will often be felt, though not acutely. There will be great difficulty in integrating these two planetary influences, and the promised harmonious results will only arise after you have expended time and effort.

**PROFESSIONAL - DRIVE: Discipline**

You are the workaholic type, and can during the course of your life develop an incredible self-discipline. You may have special talent for working in the building industry, or with mechanics and engineering, or in any field which requires will-power and hard physical work. On occasions however, you can be stricken with inertia, and find it very difficult to get started. You have a fear of failure and can feel particularly vulnerable in competitive situations with other men. Difficulties can arise with male authorities, as you are very sensitive to being dominated or ordered around. You have the will-power and ability to work for yourself, being particularly good at making long-term plans and strategies. To succeed professionally it would be to your advantage to work smarter rather than harder. You can end up using all your time on monotonous work precisely because you are

so disciplined and persevering. It can pay for you to take a risk, even though you have a strong fear of failure. Try to be motivated by anticipation of future success rather than fear of past difficulties.

#### PERSONAL - DRIVE: Discipline

As a child your spontaneity was probably hindered in some way, and there may have been difficulties with a father or brother connected with discipline and responsibility. Your upbringing may have been rather authoritarian, even to the point of physical violence. There may have been a strict moral code in the family. In later relationships you expect a lot of resistance, so you invest a lot of energy either in self-control, or in trying to impose your authority. Women with this aspect are often attracted to older men, who tend to become buried in their work. Often the relationship develops in such a way that the woman feels dominated - but this can be due to hidden unconscious needs to recreate the atmosphere of structure and discipline from childhood, and a refusal to discipline her own life. Men place a high priority on their professional life to the detriment of their emotional or sexual relations. A fear of being controlled can bring battles of will and severe confrontations. These problems resolve themselves with time, as you learn to relax and be kinder to yourself. Less work and more play and greater flexibility as regards behavioural rules leads to more rewarding relationships.

### Mars Square Pluto

This aspect is extremely powerful in your horoscope; it will dominate many areas of your life. There will be great difficulty in integrating these two planetary influences, and the promised harmonious results will only arise after you have expended time and effort.

#### PROFESSIONAL - DRIVE: Cutting through decay

This influence has a major effect on your career. In your life you are confronted with the issue of power - and powerlessness. You may not be aware of how forceful you are, and therefore you often encounter confrontations and get involved in power battles. Your strength in this area equips you to deal with crisis situations which other people would rather avoid. Thus you can get involved politically or socially, perhaps in trade union activity or in the corridors of power. Although you have a lot of abilities in this respect you may not find great satisfaction in these areas. You have a good deal of psychological talent, and may find fulfilment in helping people in crisis, or people who have adjustment problems. You may have psychic or healing talents.

You work hard and very intensely, often into the late hours,

and actually you may have difficulty knowing when to stop. It is important to identify this obsessive quality, otherwise you can drive yourself to collapse. By structuring your working hours, you can avoid exhaustion. Life would be easier for you if you were more relaxed. You are very sensitive to what you consider the misuse of power - this is connected with humiliating situations connected with will and power in childhood. Later in life you run into similar situations, especially with authoritarian or dominating - even tyrannical - men, and you tend to overreact. This leads to battles of the will which are quite exhausting - even more for others than yourself. These situations are best defused by seeing them in a different light. By clearly showing others the limits you are prepared to accept, and by sticking to them diplomatically, you can win respect and avoid power games. Remember, if your motives are straight, you will attract people who will be straight with you. It is important for you to think positively about others. You are a powerful ally and a dangerous enemy.

#### PERSONAL - DRIVE: Cutting through decay

You have experienced a number of deep traumas in your childhood through events which may be secret or repressed. This can be linked to the influence of men - particular your father or a brother. Often a stepfather or half-brother plays an important role. Sometimes a sexual theme is involved. You may also have been deeply affected by someone who had a deep psychological problem. In some way your will was totally overridden at some point in your childhood, and you are profoundly affected by the humiliation this incurred. It is also possible that you experienced your father - who was dominating, but weak - being humiliated in some way.

Later on, intimate relationships are characterised by great intensity and power games. There is a need for a strong partner who can stand up and fight his or her own battles. Women with this aspect are profoundly attracted to magnetic and powerful men. Such a relationship develops predictably: where the man initially starts as the dominating figure, the woman begins to discover weaknesses as time goes by, and in doing so loses respect. When the relationship ends, the roles have been reversed and the man often ends up in a humiliating position.

Men put too much focus on sexuality and the need to demonstrate masculinity. Jealousy and control can be dominating, though concealed, factors in love. The relationship tends to be marred by criticism of weaknesses and bitter discussions over influence. Often therapy can solve difficulties connected with the complex psychological projections involved in this kind of relationship. As time goes

by you will discover the benefits of your enormous energy resources and latent power. As a result you stop struggling against imagined power misuse, and simply no longer feel threatened. Deep satisfaction comes from discovering psychological and psychic talents.

## Jupiter transiting Square Mars

13-01-2009 -> 06-02-2009

Major irritation factors arise as a result of this influence, yet if you use this period to initiate dynamic change you will be able to make dramatic progress in your life.

**PROFESSIONAL - DRIVES:** Burning enthusiasm

It is important for you to harness the energy and enthusiasm which surges through your body at this time. The competitive edge is sharpened, and you have the courage and vision to enter the rough and tumble of the marketplace and meet whatever challenge that confronts you. You can overcome obstacles now and expand your sphere of action. This is not a time when you can be too interested in diplomatic niceties - you want to get things done, and in a hurry. There is a burning desire to achieve.

This is an excellent time for pioneering activities and expansion abroad. It is also a good time for throwing yourself into hard physical work. There is an inclination to get into confrontations now, and it is not helped by your desire to impose your beliefs and convictions on others. You may try to bully your way through. Although it is favourable to act on your convictions regarding what is right and what is wrong, it pays to gain insight first and cultivate greater tolerance.

**PERSONAL - DRIVES:** Burning enthusiasm

This is the time to be intoxicated by a new decisiveness and a willingness to invest your energy into getting what you want. There is a refinement of the sense of purpose and the meaning of taking action. This lust for life can manifest as an expanding of your horizons through travel, taking on new intellectual challenges, getting into your body through exercise and training - and sexual exploits. There is a sharp increase in erotic drives at this time, and men will become increasingly aware of a need to prove themselves and their masculinity. This can manifest as the desire to woo and win the affections and body of a suitable quarry.

Women too become increasingly aware of sexual needs and the power of attraction to the opposite sex. There is a willingness to take the initiative in these matters. However it is actually the need to be stimulated intellectually that is paramount for women as far as attractions are concerned at

this time. A relationship is also seen as a means to expand personal horizons and learn more about men and life in general. Indeed this period has most significance as regards insight into the body - and this includes greater consciousness concerning health, and the muscular system, as well as personal sexuality.

### Jupiter Conjunction Saturn

This aspect is extremely powerful in your horoscope; every action you take will be coloured by this energy. This conjunction shows a fusion of energies in you. Both the positive and negative sides of this aspect will be an integral part of your character.

**PROFESSIONAL - WISDOM:** Cultural values

You have the capacity to attain a meaningful and powerful position in society. Having the ability to sense the right time, and be in the right place, you know how to take advantage of professional trends to create expansive conditions for professional growth. If all goes well you can consolidate your position after a period of expansion, and from this new foundation go on to create further growth. The main issue as regard success is the ability to have faith in the future and act on it. Periodically you may be overwhelmed by pessimism and lack of confidence. At these times the future can seem dark indeed. At other times you can be overoptimistic as regards future possibilities, and fail through lack of judgement or preparation. Courses which train your ability to plan, combined with training positive thinking, will greatly benefit you. You can work in central positions in organisations because you inspire the feeling of stability and trust. You may have a talent for planning, consultancy and organisation - and you have the capacity to create structures in society which bring lasting benefit.

**PERSONAL - WISDOM:** Cultural values

When this influence manifests positively you can create an environment around you full of confidence and certainty about the future. In difficult circumstances however, you can feel great despair as regards what the future will bring for you. This is especially strong in respect to your need to fulfil

the expectations of society and those closest to you. Your moods tend to swing from optimism to pessimism. You are especially concerned as to whether you have the necessary training or experience to realise your ambitions. Obviously you will benefit from training courses to increase your skills, but you still have to struggle with nagging doubts regarding your competence and intelligence. It is precisely this insecurity which leads to great personal development as you constantly strive to gain insight and understanding. You can have rather dominating opinions, and it is worth asking yourself whether they truly are your own opinions. You often allow your views to be swayed by parental convictions or current opinion. However you tend to mature like a good wine in this area, and your own ideas may end up having a major influence on your environment.

### **Jupiter Square Pluto**

This aspect is of medium strength and its influence will often be felt, though not acutely. There will be great difficulty in integrating these two planetary influences, and the promised harmonious results will only arise after you have expended time and effort.

**PROFESSIONAL - WISDOM:** Transformation of beliefs

This influence is often felt more collectively than personally. This is a combination that shows power in one form or another: big money, the power of ideology, the law. You will have very strong convictions and a intense sense of justice, and as such will often find yourself getting involved in issues connected with beliefs, righteousness, power and the misuse of power - especially as far as large organisations are concerned. Success comes when you encourage tolerance in yourself, and flexibility concerning your views, thereby overcome a tendency to be unreceptive to the opinions of others. Systems of positive thinking can transform your life.

**PERSONAL - WISDOM:** Transformation of beliefs

Your beliefs will undergo a profound transformation during the course of your life. It is important for you to bear this in mind, as you often defend your convictions with an compulsive persuasiveness which can be dominating in personal relationships. You may be aware of an obsessive need to be right, or a consuming hunger to acquire insight, and this can be rather exhausting for those closely involved with you. By resisting the temptation to impose your beliefs on your partner, and by being open and curious about other people's opinions, you can attain harmony. You will certainly develop considerable psychological insight in your life, and this may benefit you both privately and professionally.

### **Jupiter transiting Square Jupiter**

**25-01-2009 -> 19-02-2009**

Major irritation factors arise as a result of this influence, yet if you use this period to initiate dynamic change you will be able to make dramatic progress in your life.

**PROFESSIONAL - WISDOM:** Development of insight

As Jupiter represents areas of your life in which hopes and visions for the future are paramount, as well as the need to gain understanding and meaning, you can expect an increase of awareness and activities in these areas now. If you are motivated by the need for expansion and growth, then you can expect advances. There is increased focus on your ability to act on moral values and pursue your convictions concerning society. This is the time to refine your judgement and manifest your capacity to guide and counsel others. If you have a tendency to overestimate yourself, indulge moral weaknesses or to make premature judgements, then you will be confronted with this side of your character now. If self-discipline and a natural carefulness is a part of your nature however, you can take advantage of opportunities to expand.

**PERSONAL - WISDOM:** Development of insight

Jupiter takes 12 years to go around the Sun, so it will return to its own position at the ages of 12, 24, 36 etc., and activate itself by major aspect every 2 years. During these phases of your life you can increase your insight and understanding, and plug in to that most essential part of your life which gives you a sense of purpose and meaning. It is at these times that you can rediscover your joy in existence and faith in the future. This in turn will enable you to be fertile and grow. However if you are the type who is over-confident or immodest, then you will learn a lesson at this time. Your hopes and visions for the future should be within the bounds of possibility, and if you do not keep in touch with the ground under your feet, you lose out in the long run.

### **Jupiter transiting Conjunction 3rd House**

**03-03-2009 -> 16-11-2009**

**PROFESSIONAL - WISDOM:** Spread your opinions

You are probably a widely-travelled person - at least you have wide interests and constantly seek to expand your mental horizons. You have a natural wisdom and the talent to discern the main issues and true meaning behind everyday events. You have natural abilities as an advisor or teacher, particularly at higher levels of education. You could

be a skilled negotiator, perhaps on an international level. Your unquenchable thirst for knowledge and understanding inclines you towards a profession in which you are asked to draw conclusions after studying a wide variety of material. You may be involved in the further education system.

**PERSONAL - WISDOM:** Spread your opinions

You experienced considerable mental stimulation as a child, and a family member or teacher will have played an important role - perhaps as a mentor - encouraging you to learn and ask questions about life. Mental Ping-Pong at an early age will have evoked extremely strong mental convictions in you, making you a very persuasive person. You are probably knowledgeable and interesting to listen to, but you may be opinionated and dominating in an innocent kind of way. To be truly wise, one must also be receptive to other people's ideas. In relationships you respect intelligence and demand mental equality. You have little time for superficiality and are always seeking profundity. You find meaning in the small things in life.

### Jupiter transiting Conjunction 4th House

10-04-2010 -> 21-12-2010

**PROFESSIONAL - WISDOM:** Moral foundations

One of your greatest assets on a professional level is your good judgement and lucky disposition as regards property. You can expand holdings and generally earn money through dealing with property. You can generally count on the loyal support of your family, for whom you have a strong moral commitment. Business commitments may draw you to foreign countries. Cultural and environmental issues can absorb you on both a national and international level. You will enjoy your retirement, and will probably have a comfortable economy at this time.

**PERSONAL - WISDOM:** Moral foundations

Generally speaking you have had a fortunate upbringing, perhaps growing up in an international environment, or in a large family or a large house. A stimulating intellectual or philosophical atmosphere at home will have provided you with a solid emotional ballast later on in life. Your father, who probably had strong convictions, may have played a strong role in shaping your opinions. You may have found family members rather dominating on an intellectual or moral level, but this has a good effect on you in the long term. You too will have powerful moral convictions in family matters. You like to live in a large house and may at some time reside abroad.

## Challenges

### Saturn In Taurus Retrograde

Because of the relative position of this planet in relationship to the Sun and Earth, it appears to be moving backwards. This may make you more thoughtful or introverted in the area concerned.

**PROFESSIONAL - SELF-RELIANCE:** Solid values

Saturn was in Taurus in the years 1939-42 and 1969-72. At this time there was a strong refocusing on economic resources and the values in society. This will also be a central issue for you in your professional life, and you will find yourself struggling hard to attain the economic stability which can make you feel secure. You have the capacity to administrate resources in one way or another, and you will pull hard, along with your generation, to create foundations for economic growth. You are also acutely aware of your own worth as measured by your own earning power. It is difficult for you to feel satisfaction in this area, and you work hard to constantly improve your financial situation, even though it may seem quite stable in the eyes of other people. You are of course strongly influenced by the spirit of the time when you were born, where society became acutely aware of scarcity.

**PERSONAL - SELF-RELIANCE:** Solid values

Self-worth is a major issue for you, and it is by no means easy for you to feel deserving. You may find yourself working extremely hard - for you are a persevering character - to attain material goals which can convince you of your worth as a human being. However there will be times in your life when you have to redefine your attitude towards material things as a yardstick for personal worth. One of the secrets of contentment is learning to feel an inner satisfaction and gratefulness for what you have got, rather than focusing on what you have not got. You can learn a lot by tuning into your physical senses and your bodily needs, and learning to appreciate simple sensory pleasures.

### Saturn In 5th House

**PROFESSIONAL - SELF-RELIANCE:** Building self-esteem

Professionally it is essential for you to overcome a frustrated creativity and lack of confidence in yourself. Early frustrations have led to a fear of public exposure coupled with a desperate need for recognition. You give the impression that you do not need the respect and admiration of others whilst quite the opposite is the case. This has the

consequence that others stop giving recognition. By confronting your vulnerability and steadily building on the successes you do achieve, you gradually build up your sense of self esteem. You judge yourself harshly. Learn to take joy in the achievements you have attained, rather than focusing on what you have not attained.

**PERSONAL - SELF-RELIANCE:** Building self-esteem

A difficult childhood in which you were unable to fulfil exaggerated expectations on the part of your parents has left you feeling dissatisfied and frustrated with yourself. You long to be appreciated, but you will find that this is rather a negative foundation for relationships or romantic adventures. Generally speaking love affairs result in very complicated circumstances which end up making you feel even more negatively about yourself and your attractiveness. Romance will never fulfil your inner need to be appreciated. Self-acceptance can only come from within yourself. Having children can be a watershed in your life, though you may instinctively avoid the responsibility. Having had a difficult childhood yourself, it can be hard to imagine having children and they may come late in life. However dealing with children helps you overcome the blocks in your personal creativity, and having responsibility for someone who is dependent on you - and respects you - increases your personal confidence.

## **Saturn Square Pluto**

It may be difficult for you to discern the influence of this combination of planetary energies; it is weak and may be outweighed by stronger influences. There will be great difficulty in integrating these two planetary influences, and the promised harmonious results will only arise after you have expended time and effort.

**PROFESSIONAL - SELF-RELIANCE:** Re-evaluate personal power

Normally this influence is felt more collectively than personally. The main issue here is the structure of power - its use and misuse. In your life you are sure to encounter people and organisations who have a powerful position in society, for good or ill. This can for example include the police, tax authorities, corporations or secret organisations. When this influence becomes strong in your life, you will find yourself in a position which requires enormous willpower. This can lead to the overthrow of powerful people, or the collapse and restructuring of powerful institutions. It is your mission to transform the unacceptable use of authority. You also have the capacity to wield power and in doing so reform organisations.

**PERSONAL - SELF-RELIANCE:** Re-evaluate personal power

You can both be a victim of tyranny, and a person who unconsciously adopts an authoritarian style yourself. The energy you invested in survival early in your life can give you an imposing and even frightening aura. You have to make sure therefore that you use your natural authority to empower rather than weaken others. In intimate relationships you are extremely sensitive to the misuse of power and any sense of helplessness. If you unconsciously overreact in this area it may be you yourself who evokes fear in your partner. In times of crisis you may use the threat of allowing your life structure to disintegrate totally to keep your partner in line. Do not be afraid to be gentle and tender.

## **Jupiter transiting Square Saturn**

**03-02-2009 -> 28-02-2009**

Major irritation factors arise as a result of this influence, yet if you use this period to initiate dynamic change you will be able to make dramatic progress in your life.

**PROFESSIONAL - SELF-RELIANCE:** Expanding the framework

It is at this time of your professional life that the urge for growth and expansion confronts the forces of inertia in your career, or in society. You get to appreciate the power the establishment has over your life at this time. You are challenged to examine how you limit yourself and your future through restrictive systems or a lack of vision and faith in your abilities. If you can find the balance between learning from past experience yet allowing a future vision to inspire you, you may expect solid and steady growth at this time. It is important to expand within a certain framework and to accept the limitations imposed by professional authorities. If you do this you will be an important cog in the development of your company, or culturally in society.

**PERSONAL - SELF-RELIANCE:** Expanding the framework

At this time of your life you have the opportunity to loosen some of the bonds that restrict you, and lighten the load which weighs you down. This is the time that you have to adjust the awareness of what is necessary by becoming aware of the art of the possible. Restricting life patterns can be replaced or adjusted by exploring new avenues for the future. Inasmuch as you are hampered by a sense of insufficiency or inferiority as regards your abilities, you can gain renewed confidence and faith in yourself now by defining future goals and working hard to achieve them. You

can build a lasting niche for yourself in society at this time by laying new foundations for the future.

## Originality

### Uranus In Taurus Retrograde

Because this planet was retrograde at your birth, you will have an instinctive knowledge of, and attraction to, the following traits and activities. You will tend to be introvert in these matters, and pursue your own individual path in strong contrast to the path chosen by others.

### Uranus In 6th House

PROFESSIONAL - ORIGINALITY: Inspiring daily life

You have some unusual talents which can bring advantages in your working life. You thrive in an unusual environment - for example in an international company, or working abroad. You may have a talent for an untraditional kind of job, perhaps utilising modern technology or some unconventional talent. There is something of an inventor in you. You are not suited to monotonous work. Everyday should bring something new. You function best when you work amongst exciting people, or when stimulated powerfully by others on a mental level. Job changes come suddenly and unexpectedly - often after a period of restlessness or boredom. It is important for you to have a modern or enlightened working environment, where everyone is treated equally - if these criteria are not fulfilled you will be afflicted by a sense of alienation and may choose to create an individual career of your own.

PERSONAL - ORIGINALITY: Inspiring daily life

In partnership matters you do not like to be tied down by household tasks. You will often feel that the practical demands of a relationship are a restriction on your freedom. Menial tasks bore you. It is better for you to invest in modern household equipment or hire a house-help than to waste your time with monotonous and repetitive work at home. You are at your best when you can apply your talent for innovation to make changes in the way things function at home. Amongst your interests there can be some unusual talents in matters of health. You can acquire a knowledge of the effect of electrical impulses or electromagnetic energy on the body. You may even wish to work with health in an untraditional way. If you have health problems they can arise suddenly and be strange in nature. You respond well to alternative healing methods.

### Uranus Trine Neptune

Though not especially strong, you will be able to feel the influence of this aspect under many circumstances. Because there is a good aspect between these two planets, you can expect the positive consequences to be strong and very creative, and the negative consequences minimal.

PROFESSIONAL - ORIGINALITY: Spiritual revolution

This long-lasting aspect will be shared by everyone born in any particular 4-year period, but if you express its influence in your career you will be able to channel a talent for working with the electronic media on one level, or personal consciousness on another. There is an electric idealism with this aspect and very little grounding. Some people may be able to tune into latent telepathic and clairvoyant powers, and use them in their job. Contact with international companies which have strong cross-border communications brings good fortune. Work with advanced technology, especially connected with instantaneous communication is another possibility. There is an inbuilt tension between the principles of freedom and service which can be expressed in irrational political and social convictions.

PERSONAL - ORIGINALITY: Spiritual revolution

This aspect has an influence on a particular generation, but you may personally feel and express its power through an interest in aspects of human consciousness which are on a very subtle level. This can relate to the power of dreams, clairvoyance etc. - in fact the whole spectrum of the New Age movement. If personal planets also aspect these distant planetary giants, you will feel a deep longing to transcend yourself through some kind of spiritual interest. Drastic changes will occur in the pursuit of your dream, and you may be willing to abandon the secure structures you have built up to follow your ideals. Needless to say you will often be disappointed, but the whole process enhances your awareness and spiritual consciousness. You can be deluded by the allure of charismatic personalities - take care.

### Jupiter transiting Square Uranus

10-04-2009 -> 02-01-2010

Major irritation factors arise as a result of this influence, yet if you use this period to initiate dynamic change you will be able to make dramatic progress in your life.

PROFESSIONAL - ORIGINALITY: The future now

This is a time when insight and awareness of the future should be a force of inspiration and renewal in your professional life. Expect a dramatic increase in your horizons - either through long-distant travel and contact with

exotic lands or peoples, or through mind-expanding activities connected with consciousness growth. Progress in your career depends on your ability to think in completely new channels and harness modern methods - both as far as technology is concerned, but also concerning revolutionary methods. This is a time of exciting possibilities and great inventiveness. The urge to be free and uncommitted may well have to be given priority over personal ambitions now.

**PERSONAL - ORIGINALITY:** The future now

During this period of excitement and unpredictability, you have a strong desire to expand the boundaries of your consciousness. Contact with foreign lands and cultures can blow your mind, and experiences on untraditional training courses or with experimental groups can give you a new sense of destiny or insight into transcendent aspects of your life. This is a good time for astrology and New Age interests, and to meet people who share special interests. So experiment, take a few risks and loosen your bonds - you need to allow the unknown and unexpected to happen.

### Neptune transiting Square Uranus

01-01-2009 -> 30-12-2010

Major irritation factors arise as a result of this influence, yet if you use this period to initiate dynamic change you will be able to make dramatic progress in your life.

**PROFESSIONAL - ORIGINALITY:** New Age promise

This influence is rather subtle in its effect - its influence is felt most strongly for those with an Aquarius Ascendant. It is a time when sudden events can change the direction your life takes - perhaps because of the intervention of forces beyond your control. It can be effective for you to make subtle career adjustments, integrating mass marketing factors, or new technology in one way or another. You may be able to tune in to media forces, and harness future trends to promote whatever is important to you. This is typically a time when new age interests, and anything to do with consciousness growth can play an important role in your future - though there is a tendency to experience a degree of disillusion in these matters.

**PERSONAL - ORIGINALITY:** New Age promise

Inasmuch as you feel the subtle affects of this influence, you will find this period a time of considerable growth, especially on a spiritual level. It is a good time to harness revolutionary new methods in the pursuit of transcendent interests. Clairvoyance, astrology and all kinds of weird and wonderful things are favoured now. You may however feel that the promises of those groups you are involved with at this time

turn out to be empty or illusory in the long run. You have a tendency to go overboard in your search for self-realisation, losing perspective of its practical consequences on your domestic and professional life.

## Transcendence

### Neptune In Virgo

### Neptune In 10th House

**PROFESSIONAL - TRANSCENDENCE:** Realise your dream

Professional satisfaction can be a very elusive quality for you - at least in the early part of your life. Whilst other people identify strongly with their profession, for you it can be difficult to see the meaning of working in a nine-to-five job all your life. Your goals are Life-goals - designed to give you deep inner fulfilment. As such you would be happiest in a creative profession, or working helping other people, or realising idealistic visions. There may be some connection with the oil or chemical industry, or welfare programmes. Strangely enough you have a tendency to encounter a boss who is unreliable in some way, perhaps because of a health or alcohol problem. You can easily find yourself working in an ordinary job, while you just daydream about what you would really like to do. However, if you used your visualising talents in a disciplined way, you could easily achieve your dreams. You can make decisive changes around the age of 40 - 41 in this respect.

**PERSONAL - TRANSCENDENCE:** Realise your dream

You are a person with unfulfilled dreams, and satisfaction in life probably will involve become more practical and realistic. Eliminate undefined longings about what you can do, or who you can be and try to define what really will give meaning in your life. You have a tendency to attach yourself to an impossible goal as a way of getting out of doing anything. This is related to the early experience of a parent who felt professionally thwarted in some way. Partners will grow tired of you blaming those in authority for preventing you achieving your goals. The first step towards achieving results is to abandon blame or a tendency to martyrdom. You achieve true satisfaction when you can work with something that gives nourishment to the souls of others.

### Jupiter transiting Opposition Neptune

00-00-0000 -> 00-00-0000

Very strong tensions will occur in your life in the following area. Other people will impinge on your life and force you to

adjust.

**PROFESSIONAL - TRANSCENDENCE:** Balloons and bubbles

You will experience a tremendous stimulation of your imagination at this time, and this can be used to advantage if you can harness your fantasy to some creative work, especially in connection with music, imagery and the arts. If being realistic is an integral part of your career, take care. Your idealism and dreams peak at this time, and this can seriously affect your judgement. Your imagination can be gripped by great hopes, and you have a tendency to attach your hopes to a bubble which expands and expands until it bursts. Inspiration is OK, but make sure that you do not get carried away into a world of dreams. Listen to the voice of reason, and work in stages with verifiable goals.

**PERSONAL - TRANSCENDENCE:** Balloons and bubbles

If you are a dreamer, this is the time when your dreams take wing and carry you into surreal landscapes. If you do not want your hopes to be dashed, you must be aware of your limits and let yourself be guided by common sense. Great hopes will often turn out to be illusory, so don't let your imagination get out of control. However this is an excellent time for developing your imagination and your visualisation power. If you choose you can enrich your life with great spiritual insight, and gain a subtle knowledge about the nature of reality and the illusion of identity.

### Saturn transiting Conjunction Neptune

14-09-2009 -> 26-07-2010

Major changes will occur in the area of your life described here and you will integrate new personal behaviour and attitudes in your life.

**PROFESSIONAL - TRANSCENDENCE:** Making dreams concrete

This influence may not be felt very strongly, unless you have a strong Pisces influence in your horoscope. It can be difficult to make concrete plans now, things tend to flow in an uncontrollable way, goals slip through your fingers. Instead of making strategies and long-term goals it would be an advantage to do something constructive with your creative talents. Your greatest asset at this time is your imagination, so try to think of practical applications for creative ideas. If you act in a determined manner you can realise many of your dreams and visions now. This is an excellent time for helping people who are losers in society.

**PERSONAL - TRANSCENDENCE:** Making dreams

concrete

This is a time when you will probably feel rather alone and isolated. Money may be short, and security even shorter. You are forced to develop your inner resources now, because outer structures in your life tend to dissolve. This is a good period for developing spiritual discipline, or making long-term plans for creative development and growth. But otherwise there is a tendency to be down-and-out, or on the fringe of society. Nevertheless you may feel moved to take more responsibility for those who suffer now, or to make some sacrifice for others. Avoid negative frames of mind, or tendencies towards alcohol or pill misuse.

### Uranus transiting Opposition Neptune

00-00-0000 -> 00-00-0000

Very strong tensions will occur in your life in the following area. Other people will impinge on your life and force you to adjust.

**PROFESSIONAL - TRANSCENDENCE:** Inner dimensions

This influence is rather subtle in its effect, although it can be felt strongly by those with a strong Pisces nature. It is very transcendental in nature encouraging you to get in touch with subliminal forces in society and harness them in your professional life. This influence is good for mass marketing techniques, working with the media and advertising, and international contacts. It is especially good for New Age interests, awakening latent talents for clairvoyance, astrology and the like. Unrealistic dreams and expectations can take flight now, so try to be as realistic as possible.

**PERSONAL - TRANSCENDENCE:** Inner dimensions

This rather subtle influence will affect those people who are sensitive to inner realms of consciousness and the imagination. It is a great time for fantasy and spiritual creativity although care has to be taken not to lose all contact with reality. Many deep emotions are stirred now, giving rise to new consciousness states and a transcendental awareness. If you can channel these rarefied energies through meditation or group work, you can expect considerable spiritual growth now. This is the time to see auras, enter dream states and develop intuitive and clairvoyant powers.

## Transformation

### Pluto In Leo Retrograde

Because this planet was retrograde when you were born, you have a special personal lesson to learn in the matters

described. Experiences will be evaluated more on an inner than outer level.

## Pluto In 8th House

**PROFESSIONAL - TRANSFORMATION:** Releasing control During the course of your professional life you will either wield great power on an economic level, or be at the mercy of those who do. If you have power, you tend to be secretive - even a little dictatorial. You may adhere to the doctrine of the survival of the fittest. You may be fanatically attached to economic principles, at times there may be great gains, at times great losses. You are good at disposing of resources, when this is necessary, and realising assets after economic collapse. You may be a power broker; perhaps you will even define yourself professionally by some crusade against power misuse. At some point in your life your economic foundations will collapse - but then, you are a great survivor. Perhaps this transformation will bring a greater interest in emotional issues and psychological mechanisms.

**PERSONAL - TRANSFORMATION:** Releasing control You have the capacity to experience a great personal transformation during the course of your life when you harness the energy which is stored within you. Deep traumas or fears early in your life tend to absorb your energy and resources. You may fear being at the mercy of others, and may even generalise and project this fear on people or organisations in a position of power. It would certainly be foolish to tilt at the windmills of power in society. Greater satisfaction comes through an inner psychological transformation process. Intimate relationships tend to be marred by power battles and control. Sexuality in particular is characterised by your inability to let go and trust your partner by being vulnerable and powerless. You have to go to extremes to achieve satisfaction here. An unconscious fear of ego-death may inhibit release through sexuality, until you learn to transform primitive erotic drives into a demonstration of emotional giving.

## Jupiter transiting Opposition Pluto

11-01-2009 -> 05-02-2009

Very strong tensions will occur in your life in the following area. Other people will impinge on your life and force you to adjust.

**PROFESSIONAL - TRANSFORMATION:** Power play During this period you will be initiated into the use of power and secrecy in the professional sphere. This may be because you discover hidden factors, corruption or power

misuse behind some professional facade, or it may be because you learn to harness your own personal power or psychological insight in your career. Whatever the circumstances you may feel a certain anxiety because of circumstances seemingly beyond your control. Make sure you are on good terms with legal and financial authorities, or at least cover your tracks if you aren't!. Big money can be involved during this period, involving large gains or losses, so make sure you have the best financial advice.

**PERSONAL - TRANSFORMATION:** Power play There is a leap in your awareness of the power of the unconscious to shape your life at this time. You may choose to develop your emotional insights by learning more about psychology in one way or another. If you have any hidden anxieties or phobias you can expect them to be more acute or to come to the surface now. Even though this may be disturbing, there is a unique opportunity to understand the secret mechanisms of your mind and to eliminate the negative effect of repressions. You can become the intrepid explorer of some very dark territory indeed.

## Destiny

### N.Node In Libra, S.Node In Aries

**PROFESSIONAL - DESTINY:** Two to tango The early part of your professional life is characterised by a strong need to excel and make some impact in a unique way. There is an emphasis on your personal independence, and you have the tendency to go it alone in your career. There is a desire to be number one in what you do, and in the early stage of your career you make dynamic efforts to achieve a special individual status. However, you are likely to discover that career satisfaction eludes you, when you attain personal success, and that success itself is difficult to attain alone. It is your destiny to subordinate your ego needs to a growing awareness of the importance of professional relationships. Personal advancement alone cannot satisfy you in the long run. You achieve far greater satisfaction when you involve yourself in co-operative ventures and share successes with other people who are on your wavelength.

**PERSONAL - DESTINY:** Two to tango A major dilemma in your life is in finding a balance between listening to and acting upon your own personal needs as opposed to taking into consideration and compromising with the needs of others. You are inclined when young to exclusively follow your own inner voice, reasoning that you

must take care of yourself first. You insist on your independence, and see compromise as weakness. However this independence can bring loneliness or emptiness, and a deep longing arises to share your life's experiences. A transition comes in which the emphasis shifts towards awareness of the needs of others, and in partnership matters you will desire to make a stronger commitment. By embracing the challenge represented by dealing with another on an intimate level, and by exchanging hollow independence for an enriching partnership, you attain a new harmony in your life.

### **N.Node In 10th House, S.Node In 4th House**

**PROFESSIONAL - DESTINY:** Release from family

As you mature your professional ambitions will assume a growing importance for you. Perhaps you feel a sense of destiny as regards career - at any rate you have a role to perform in society which can have significance for other people. You will undoubtedly find that you have to overcome enormous domestic pressures on your journey, but it serves no purpose to allow these pressures to completely dictate the speed of your progress. No one benefits in the long run if you allow family interests to have priority. Your work may give you a high individual profile and as a consequence you develop a strong sense of responsibility and awareness of personal influence.

**PERSONAL - DESTINY:** Release from family

Parental and family values have a powerful influence on you, and you may feel a strong desire to centre your life around home, family and children at an early age. However these areas can never satisfy you fully. You can only develop when you tear yourself away from the constant distractions of family life and define new goals for yourself. You do your family a favour when you go out into the world and realise yourself. You will often feel split, and you will always be conscious of family needs, but this should not deter you in your search for fulfilment. Family issues will exert a constant pull on you, but being the traditional homebody is not your destiny. It is your influence on the larger world stage that has greatest significance in your life.

### **Saturn transiting Conjunction N.Node**

**09-09-2010 -> 09-07-2011**

Major changes will occur in the area of your life described here and you will integrate new personal behaviour and attitudes in your life.

**PROFESSIONAL - DESTINY:** Group responsibilities

This period is characterised by a professional commitment with a group and the responsibilities that this commitment involves. The interests of the collective may turn out to be more relevant for your career development than your own ambitions or desire for status. Older people in authority may impose limitations on your development, and you can experience a compelling need for greater self-discipline to deal with the demands made on you. The decisions made now can have an important formative effect on your destiny. Benefit comes through subordinating ego needs for the good of others, and accepting the hand of fate, as it moves in your career.

**PERSONAL - DESTINY:** Group responsibilities

This is a time when time will stand still for a while, so that you can take stock of your ambitions and goals in life and see where they have led you. It is a fateful period in which your responsibilities to others and your role in society can become very important. Some people feel that their life direction leads to a blind alley in these months, or that plans for the future are futile and empty. There is benefit to be attained through inner spiritual discipline, as the hunger felt at this time can not be satiated by outer success.

## THE TWELVE HOUSES

### The Ascendant - Lifepath

This is by far the most important position in the horoscope. It represents you, your life and how you occupy the stage - your style. Planets placed here dominate the life.

### The Second House - Resources

This house is connected with self-worth. How you feel about your body, your assets and talents - and therefore your financial status - is reflected by planets in this house.

### The Third House - Connections

This shows mental abilities and experiences connected with education, siblings, neighbors and everyone in the local environment. The house of travel and networking.

### Descendant (7th) - Relationships

Whilst the Ascendant is connected with yourself, the Descendant is to do with others. This house shows where we reach out and meet people, and form lasting relationships.

### The Eighth House - Intimacy

This house is connected with life's inevitabilities like sex, death and taxes. This is where we feel most anxious and vulnerable, and where we confront emotional and sexual taboos.

### The Ninth House - Understanding

Planets placed here express themselves through insight and understanding gained through travel and further education. This is where beliefs are formed and judgments given.

### The IC of Fourth House - Roots

This shows the family heritage, the atmosphere at home, and the ability to connect to roots and put down new roots. Parents and family are shown here, as well as property and ancestry.

### The Fifth House - Expression

Planets placed in this house are strongly identified with and projected onto the stage. This house is connected with feeling confidence through creativity, children, love and play.

### The Sixth House - Service

Planets placed here show the need to relate with others via practical issues such as work and domestic tasks. This house is connected with health and the daily environment.

### Midheaven (10th) - Achievement

This house represents crowning achievement - your goals and mission. It also shows you career and superior authorities like parents, bosses etc. Planets here achieve success.

### The Eleventh House - Groups

This house is connected with your social life. It has to do with friendships at school and in later life, as well as groups and associations, or the social sphere you are a part of.

### The Twelfth House - Isolation

This shows isolated places in society like prisons and hospitals, or simply living away from it all. Planets placed here show where inner development takes place when feeling alone.

## THE ASTROLOGICAL ASPECTS

### The Conjunction

(0 degrees... orb allowed: 12 degrees)

Key word: Fusion

This aspect is in effect when two planets are close to each other, normally in the same sign. It represents the fusion of planetary principles.

### The Opposition

(180 degrees... orb: 10 degrees)

Key word: Separation

This aspect - when two planets are in opposite signs - shows a split or division between the needs shown by two planets. There is also an attraction between opposites.

### The Square

(90 degrees... orb 6 degrees)

Key word: Tension

This aspect occurs when planets are at right angles to each other in the chart. It shows two needs at war with each other. This brings considerable dynamism, but a lot of trouble.

### The Trine

(120 degrees ... orb 8 degrees)

Key word: Harmony

This aspect occurs when planets are a third of the circle away and normally in the same element. This shows the harmonic confluence of needs, bringing happiness and harmony.

### The Sextile

(60 degrees... orb 4 degrees)

Key word: Creativity

If the circle is divided by a six-pointed star, the sextile would take place on two of the points next to each other. There is both dynamism and pleasure connected with this aspect.
